THE HOME TOWNERS
THE GREEN LIGHTS ARE ON IN McKINNEY AND COLLIN COUNTY

YOUR HOME Towners often in this column express different phases of community life and development, but we do so only after we have discussed those important issues and problems with many of our citizens. At times we express our own personal feelings regarding that which we believe would go to make a better community in which to live, and, of course it is impossible to bat a 1.000 per cent.

Regarding the transformation of the present coliseum into a usable auditorium. We have discussed this matter with our rural folks. And all agree that we should have a suitable meeting place, where meetings could be held. Likewise with our McKinney people, we have discussed this important matter. They, too, agree we need such a meeting place for future McKinney—that is if we become the important County seat that WE SHOULD BE.

There are a hundred reasons why this project should become a reality and maybe one why it shouldn't. Men with vision build a community and these communities grow and grow. But a citizenship without vision will "ROT."

Then the matter of more pay for our Deputy Sheriff's. This was discussed with a lot of folks in McKinney and over the County. The matter is a serious one and needs attention and above all, these men need more pay and should have it. And we discussed the matter of raising the pay of our elective officials. The big majority of people agree—of course you do have some people that don't want to see his fellow man progress and go forward. All in all we have a great town and County and we shall continue to do what we may as newpaper men for the masses of the folks and NOT THE SELECT FEW. We think that we are RIGHT—do you?

▼ ▼ ▼

TRAFFIC problems are getting to be more complex every day in all towns and cities, and McKinney is certainly no exception to the rule. With more cars being sold, more people driving, both young and old are giving our Police Department headaches. Big cities like Dallas are planning on making more one-way streets to try to speed up traffic. We should watch this with great interest, because cities like Dallas and towns like McKinney have the same problems, whether it be traffic or what.

We have believed for several years that if McKinney had a three-wheel motorcycle working the traffic down town that it would be of great help in keeping traffic moving and helping to eliminate too much double parking. Likewise it would be economical. One traffic motorcycle with two-way radio could work more area than possibly two or even three men, and could keep traffic moving. Also this valuable asset to the police department could handle funeral processions to a very good advantage. As a rule a squad car carries two men. This would be a saving of time and keep our squad cars moving over the city.

As we see it from here, a three - wheel motorcycle would be a saving to the city.

Anyway, it's worth looking into Mr. Mayor.

▼ ▼ ▼

THE following letter was received by Your Home Towners recently:

"Your Home Towners:

"A few days ago in your column you made mention of the poor condition of Standifer St., Tennessee to College. How about the 200, 300, 400 Blocks North Waddill? Recently I made a trip to El Paso and the worst strip of hiway I covered was these 3 blocks in my home town. If our city is broke let's up the taxes. "Keep after the Coliseum, we sure need it.

"Yours for a better McKinney."

Home Towners Note: — Thanks for the letter and your personal interest in Your Home Town. How wonderful it would be if every citizen of McKinney would have the same personal interest as you. Now Your Home Towners know that WE NEED TO REPAIR OUR STREETS and we feel that as soon as money is available that it will be done. Of course at the present time a little extra effort should be put forth to repair the worst ones and I believe this is being done.

We would like to suggest that when you have problems that you contact your Mayor. Have him come out and show him what is needed. Or if you can't get him contact one of the Commissioners, George James or Geldon Roberts. They, too, are running the City of McKinney. Regarding the auditorium, we know that it is badly needed and if we PROGRESS AS WE SHOULD, "that it should be a must and a first with our City Commission." We have stated time and time again we do not have to do the whole job at once. We can piecemeal it so-to-speak. Say that we put a new ceiling in it to start with. Then a floor. Can't even tell someone might donate a few chairs and other necesary items for an auditorium. As we have told past city administrations, and we tell the ones now in power. We are an agricultural county and we should do something for those folks that come our way and spend money and time in the county seat. Shall we stand idly by and let this present non-usuable coliseum rot or shall we have the courage and the foresight to go forward. "It's later than you think, Dear Brothers and Sisters."

County 4-H Club Style Revue Held Here Monday

Collin County held its annual 4-H Style Revue in the basement of the First Baptist Church August 1 with the 4-H girls throughout Collin County displaying their ability to sew. Sandra Davidson of Allen did an excellent job in conducting the revue. Sandra made all plans and arrangements for presenting the models. She presented the young models as passengers on an imaginary trip. Each club member's costume was discussed from the view point of how the garment would be worn and for what occasion. Miss Davidson explained to the girls how to model on the value of having their dresses suited for more than one occasion. During the 4-H Club Round Up in June, Sandra was taught modeling and how to wear clothing by a clothing specialist from Washington.

In the "Church Dress Division," Emma Ruth Hill, a 14-year-old club member of Westminster, won first place in the 13-14 division. Emma made a lovely nylon long torso church dress. Her score was 94.

Margaret Shellnut 12-year-old Chambersville girl wore a blue voile church dress with a bolero jacket. Margaret made a score of 89.

Carlene Marion, 13, of Allen made a beautiful dark print skirt with a grade of 97. Carlene won first place in the Skirt Division and made the highest grade in the entire revue.

Patsy Summers, 12 years of age from Allen won first place in the School Dress Division with a grade of 96. Patsy's dress of red Indian Head trimmed in white made a lovely all year school dress and could be worn to church if dressed a bit with hat and accessories.

Martha Masters, 11-year-old 4-H Club girl of Allen made a lovely blue print school dress making a grade of 94 and winning her second place in the School Dress Division.

Beverly Slate, 12-year-old of Chambersville won third place in Junior Dress Division with a blue school dress. Beverly's dress was very neat.

Rita June Sells, 12-year-old club member of Chambersville won fourth place in the School Dress Division with a grade of 92.

Mrs. Slate, the leader of Chambersville accompanied the girls from Chambersville.

BASEBALL

By NORMAN SCOTT
VA Hospital 6, Ramblers 0
Win Series

Righthander G. T. Rose and leftfielder Denny Hays combined to lead McKinney VA Hospital to a 6-0 victory over the Farmersville Ramblers at the VA Park in McKinney Thursday night. The win concluded the two clubs' best 3 of 5 series as VA copped 3 of 4 games.

Rose allowed only 4 hits, (a double, 2 singles, and an infield hit), with no runner reaching third base. Rose struck out 9 and walked 1 in his sterling performance on the mound.

Hays collected 3 doubles in succession and then singled on his final appearance at the plate for a perfect night at bat. He drove in 5 of the 6 runs and in the field, Hays made a nice running catch on Bo White's line drive in the seventh. In Monday night's game, when VA edged the Ramblers 10-9, Hays collected a double, triple, and single in 6 trips and had 3 runs batted in, giving him a total of 7 safeties in the last 10 trips to the plate and 8 runs batted across.

Catcher Don Anderson accounted for the other VA run when he doubled Hays home in the fifth.

Second Baseman J. W. Keeton also shared in the lime-light by connecting for a triple and two singles in 4 official times at bat and scoring 3 runs.

Charlie Lovelady turned in an impressive performance at shortstop for VA.

Leftfielder Rex Curtis had a double and single, shortstop Jimmy Hess collected a single, and Second Baseman Perry Morris laid down a bunt and beat it out, for the Ramblers 4 hits.

The game was well-played as the Ramblers did not commit on error while VA was charged with 1 miscue.

VA will now meet the Anna Coyotes, victors over Pilot Point, at Anna Monday night in the first game of a best 4 of 7 series for the championship of the league.

Anna Beats VA By 10-7 In Opener

By NORMAN SCOTT

The Anna Coyotes beeat McKinney VA Hospital 10-7 at Anna Monday night in the opening game of a best 4 of 7 series for the championship of the North Texas League.

The Coyotes got the benefit of several breaks before subduing the VA's. They scored 3 in the bottom of the first and 2 of the runs were unearned, and then in the bottom of the seventh, the Coyotes scored 2 runs to break a 5-5 tie. The 2 runs came after a "bad call' 'at second base that would have retired the side. In the bottom of the eighth with the bases loaded and two out, second-baseman Eddie Hunter hit a routine single to center that took a bad hop and went for a triple instead, clearing the bases.

Hight-hander Milford Floyd pitched a better game against the Coyotes than the score indicates. Floyd struck out 12 batters, including left-fielder Kleasner 4 times.

Right-hander John Stasney started for the Coyotes but was shelled from the mound in the fifth when VA rallied for 3 runs to take a 5-4 lead. Roy Hall relieved Stasney and received credit for the win.

Denny Hays, Charlie Lovelady, and G. E. Hemphill hit doubles and Blaine Hall connected for a home run in the top of the ninth for VA's extra base hits while Raleight Godwin, Virgil Miller, and Harrison Miller had doubles and Eddie Hunter had a triple for Anna's extra base blows.

Boat Committee Sets Standards For Lake Lavon

Members of the boating committee of the recently organized East Fork Sportsman's Club met in Wylie last week and adopted recommendations to be made to the board of directors of the organization.

Wilson Housewright of Wylie is chairman of the boating committee which includes members from several neighboring towns around Lake Lavon.

The committee agreed to recommend for adoption the following rules and regulations:

Each boat on the lake must be equipped with a life preserver for each person in the boat.

No water skiing allowed within 100 feet of the shore in any congested area.

No intoxicated person to be allowed in or on the lake at any time.

A speed limit for boats of five miles per hour within 100 feet of the shore.

No boats allowed in marked swimming areas.

Trailers and cars must pull away from water after unloading boat.

No overloading of boat permitted.

No boating within 100 feet of any fishing boat.

Boats are not to follow skiiers.

No boating permitted within a certain distance of flood gate structure. (Distance to be determined.)

Persons not to stand in boats while boat is in motion.

Adopt distress signals to be used on lake.

The dozen suggested rules were approved by the boating committee and will be presented to the board for approval at its next meeting, according to Mr. Housewright.

The club was officially organized at a meeting here in July. Annual dues are $1.00 and a membership enrollment campaign is now underway.

Count Yogi, Famous Golfer, To Appear Here

Count Yogi, internationally famous trick shot golf artist, will perform at the McKinney Country Club, on Sunday afternoon, August 14.

Yogi, a Californian, who has some very radical ideas about golf and how easy it is to play the ancient Scottish game, will make two appearances here. At 3 p. m., he will play a match against Bobby Riggs of McKinney and Mrs. Addie Bob Apple of Plano, the current McKinney Country Club champions.

At 5 p. m., he will give an hour's exhibition of trick shot artistry and instruction.

The Count, who weighs only 129 pounds, was a top touring professional before he turned to his present exhibition schedule. He believes that mental discipline has a lot to do with the quality of a golfer's game.

He thinks that anyone can enjoy the sport immediately, and it is not necessary to break clubs when you have a bad round. He debunks some of the theories of outstanding professionals and has written two books on the game.

He is one of the world's best golfers, has scored 55 on a par-72 course, has made 19 holes in one, one a 404-yarder. He has made a 500-yard hole in two strokes, has made two holes in one in succession and was the instructor of the National Blind Man's golfing champion. He once hit a golf ball 86 yards holding the club in his teeth.

Not the least of the Count's attributes is an excellent line of "patter" during his exhibition. In fact, he is one of the world's greatest showmen in sports and also one of its best instructors.

Tickets for this exhibition may be purchased at the White Jewelry, Smith Drug or the McKinney Country Club. Jewell Abernathy is President of the Country Club.

Plano Seen As One Of Top Football 11's

SAN ANTONIO, Tex. (INS).—Ranger, Paducah, Clifton, Plano, Leverett's Chapel, Teague, Hearne, Luling and Deer Park were picked Thursday as top teams of Class A schoolboy football.

Defending champion Deer Park was rated a great chance of repeating, but facing some powerful opposition down the line from a mighty Ranger outfit, a veteran-stacked Clifton team, an awesome eleven from Hearne and a star-studded team from Leverett's Chapel.

Coach Travis Hughes of Deer Park, one of the coaches interviewed at the Texas coaching school on prospects for next fall, admitted that he would have another strong team but that while it would have more depth than last season's squad it wasn't likely to be as strong in the overall.

Hughes has 19 lettermen back, including seven starters among whom is Jimmy Steambarg, all-state end.

Hess Is Leading Ramblers Hitter During Season

James Ray Hess was the leading Farmersville Ramblers hitter with only 14 points above G. E. Hemphill, Hess with 84 trips got 30 hits for a B. A. of .356 and Hemphill, 82 trips, 28 hits .342, battin gaverage for the season.

J. W. Clark held a .375 average but due to an operation, only made 16 trips to plate with 6 hits in 4 games played.

Yankees Capture Youth League Championship In

The City Youth League Yankees won top honors in that league for the season, by defeating the Indians and Dodgers in two games to complete ties, played earlier in the season. The two games were played at the Jaycee Center field, and wrapped up the championship for the Yankees.

Ted McGarrah was the "big gun" for the Yankees. "Dependable" Ted McGarrah has made the difference in most of the games the Yankees have played. He has a lot of help from his teammates, with their home runs, and Richard-Simpson playing second base and helping with the pitching.

Tom White wrapped out a homer, his first trip to bat against the Dodgers, to put the Yanks out in front. Pitching for the Indians was Young. Catching was Day. For the Dodgers, Jenkins.

Bullock Motor Co. Open House LargelyAttended

Mr. and Mrs. A. C. Bullock Jr. received a host of visitors Thursday evening at the open house held in their new building on Hunt Street and Highway 75. The occasion was to welcome the public to the Bullock Motor Company in the new location.

Safety Program Given At Jaycee Meeting Tuesday

The regular bi-monthly meeting of the Junior Chamber of Commerce was held Tuesday night at Johnny's Cafe. Twenty-seven Jaycees were in attendance for the interestin gprogram.

Ed Smith, program chairman, showed a film on "Safety" which was most interesting and educational.

The business meeting was conducted by President Pete Murphy during which time the membership drive was launched, with members drawing names fo rthe "skunks" which are being used to "push" the drive along. Jaycees John Gay and James Stewart are co-chairmen for the membership drive in which it is hoped to double the present membership of the organization.

Funeral Services Held Friday For Roxanne Carrell

Funeral services for Roxanne Carrell, six-weeks-old daughter of Mr. and Mrs. Odis Carrell, who reside Southwest of McKinney, were held Friday at 3 p.m. in the chapel of the Turrentine-Jackson Funeral Home. Rev. D. A. Griggs, Baptist minister, of Plano, conducted the service, with burial in the Mt. Olive Cemetery.

The infant died from suffocation at the family home Thursday morning. The mother, who had been working outside, found the infant dead, in her bassinet where she had turned over and buried her face in a pillow .

Roxanne was born in McKinney on June 24, this year. Surviving are the parents, a brother, J. A. Carrell, two sisters, Dotty and Tonye Faye Carrell, all at home and the grandparents, Mr. and Mrs. C. W. LaFollett of McKinney and Mr. and Mrs. Andy Carrell, of Altoga.

Sister Of Mrs. W. B. Mitchell Honored At Laredo, Texas

Miss Amanda Grueger, sister of Mrs. W. B. Mitchell, of this city, was honored by presentation of a plaque on behalf of three Texas credit organizations, at a luncheon in Laredo recently. A group of Laredo business mene were hosts for the luncheon served at the Plaza Hotel there.

Miss Krueger, who has owned and operated the Retail Merchants Association at Laredo for the past 21 years, first entered the credit field at Bartlett in 1912. For a number of years she operated the RMA at Corpus Christi before moving to Laredo.

The plaque was awarded by Miss Krueger, who is the senior woman member of the state association, at the convention held in Galveston in May, but arrangements were made for actual presentation later in Laredo.

Resolutions, passed by the state convention as a tribute to Miss Krueger's outstanding work in the credit field, were read at the luncheon.

Mrs. Leta Bell Of Plano Returns From Vacation In Panama

Mrs. Leta Bell, of Plano, where she is employed by the Telephone company, recently returned from a 16-day visit in Panama. She visited her brother, George Holland and family in Balboa, Panama where he is with the U.S. Engineers. Mrs. Bell and Mr. Holland are both former residents of McKinney.

The trip was made by way of Delta Airlines plane to Miami, Florida and from there by A.P.A. She left Love Field, Dallas on July 7, making stops in Shreveport, La., Jackson, Miss., Birmingham, Ala., Jacksonville and Miami, Florida, Jamaica and last arriving in Panama.

Mrs. Bell states that the climate is very pleasant in that part of the country and that the temperature varies between 72 to 80 degrees the entire year, with showers occuring every day. The fruit trees bear continuously the year round and she states that she saw both ripe and green fruit on the same trees. She added that the flowers were beautiful and that her brother grew both white and purple orchids in his back yard. They also went to the jungle on several occasions and picked orchids growing wild.

A thorough inspection was made of the Panama Canal, visits were made to Panama City, Chame, and Colon, the oldest town in Panama. At the latter place she went to the big French Bazaar where beautiful linen, silver and crystal were sold. She visited several native villages and states that she swam in both the Pacific and Atlantic Oceans.

During the trip to Panama and back Mrs. Bell told us she traveled 5550 miles on her sixteen day journey. She is glad to be back home but wishes that everyone could see the lovely country of Panama.

Old Age Assistance Benefits Increased

AUSTIN, Tex. — Old people in Texas heaved a sigh of relief Thursday as Attorney General John Ben Shepperd ruled that they will begin receiving increased old age assistance benefits in September.

The bill passed by the Legislature provided for the additional $7 million dollars in assistance to begin in September. But because the bill was passed by a voice vote, it ran into a constiutional snag providing that such bills cannot go into effect until 90 days after the session ends which would be September 6.

The delay in the effective date raised a question as to whether the additional funds could be made available before October 1.

Shepperd ruled that the increased allocations for September could be made September 6. This permits payment of the increase for that month.

This opinion was requested by the State Department of Public Welfare.

SALADS FOR SUMMER . . .

Fresh, colorful fruit or vegetable salads can be the most popular items at the table in hot summer weather. They are valuable nutritionally, too.

Here are a few pointers for giving summer salads more appetite appeal:

Chill ingredients before using.

Provide plenty of refreshing tartness in the salad or in the dressing.

Tart French dressing is a good choice for vegetable salads — the sweet clear French dressing for fruit salads. If you prefer mayonnaise or cooked dressing, make sure it is tart enough.

Have greens crisp. Wash, drain and store in a covered container in the refrigerator ahead of time. Drain all canned food well before adding to a salad to prevent wilting and sogginess. Add dressing to raw vegetables salad just before serving. Use only enough dressing to moisten ingredients.

For tossed green salads, tear greens in fairly large pieces or cut with scissors instead of shredding. Large pieces give more body to the salad.

Use lemon, lime or other citrus, or pineapple juice on fruits that may turn dark.

To avoid monotony, vary salads from day to day. Here are some suggested combinations:

Fruit — Watermelon balls, peach slices, and orange slices. Peach and pear slices with halves of red plums Cantaloupe balls, seedless grapes, bananas, and plums.

Vegetable — Shredded cabbage, cucumber cubes, celery, Grated carrots, celery, cucumber slices. spinach and lettuce with tomato wedges.

APPLE PIE

5 to 7 tart apples
¾ to 1 cup sugar
2 tablespoons flour
1-16 teaspoon salt
1 teaspoon cinnamon
1-4 teaspoon nutmeg
2 tablespoons butter
Pastry.

Pare apples and slice thin; add sugar mixed with flour salt and spices. Fill 9-inch pastry lined pie pan. Dot with butter. Adjust top crust. Bake in hot oven (350 degrees F.) about 30 minutes.

If apples lack tartness, add 1 tablespoon lemon juice; grated lemon peel may also be added, if desired.

PLAIN PASTRY

2 cups flour
1 teaspoon salt
2-3 cup shortening
4-6 tablespoons cold water.

Sift flour and salt, cut in shortening with a pastry blender, two knives, or a blending fork until the pieces are the size of small peas. Add cold water slowly, tossing with a fork until all the flour coated bits of fat are barely dampened. Stop! Press together lightly to form a ball. Chill for easier handling. Roll pastry 1-8 inch thick, rolling lightly from center to outer edges. Avoid running rolling pin over into board as it spoiles edges of paste. Transfer to pie pan. Lay it on loosely and push uot air between paste and pan. Finish edge as desired. Trick bottom and sides of the uncooked shell with a fork and bake in a hot oven (450 F.) for approximately 15 minutes.

TIMELY TIPS

Instead of adding crumbs and baking the deviled egg mixture, serve it on toast or in party shells.

Ask your County Home Demon-Home and Gardecmfwtyaoimfwy stration agent for a copy of Home and Garden Bulletin No. 43, "Money Saving Main Dishes," which contains recipes and suggestions for about 150 main dishes — easy to make, hearty, and economical.

A SIMPLE FORMULA FOR A FURNITURE POLISH

There are many good commercial furniture polishes on the market. If you wish to mix one yourself, Extension home management specialists offer a formula for a simple one which came from the Palace of Fine Aarts in Brussels.

Mix equal parts of fresh lemon juice, denatured alcohol, olive oil and gum turpentine. Do not use substitues. Place in a bottle or far with a tight lid.

This polish cleans and feeds the wood as well as polishes. It will not leave a gummy film or collect dust. For best results use a very small amount at a time.

Dampen a linteless cloth, such as a clean woolen cloth, with the mixture. Massage the furniture with this. ILn some places a piece of 3-0 steel wool moistened lightly with the polish works well, if you use it gently.

When the polish has been rubbed into the wood, wipe the furniture with a clean, dry cloth.

BOLLWORM AND WEEVILS

Bollworms, which have caused untold damage in many cotton fields this year ,were reaching maturity this week and in some fields with previous heavy uncontrolled infestations the worms had disappeared. Don't be fooled, however, it may be the lull before the storm. We have had principally one generation starting after the rain of about 2½ weeks ago. These worms are no wreachin gmaturity. They enter the soil and go through a change and emerge in a few days as moths ready to start a new generation.

When this occurs please check those fields for bollworm eggs and small bollworms. If these can be found in sufficient numbers it is advisable to spray or dust. Bollworms that have reached one-half inch in length or more are impossible to control one to their habits of feeding inside of the cotton boll.

Bolloweevils are also on the increase in the county with many fields showing severe damage. These pests can only be controlled in the adult stage. Don't let them get the jump on you if your cotto nis young because they will damage yields severely and also reduce grade.

The use of DDT i nall poisons for the control of bollworms is recommended. To control bollowrms and weevils use a combination poison such as BHC-DDT, Dieldrin-DDT, Toxaphene-DDT, or others.

BEEF SHORT COURSE AT TEXAS A&M COLLEGE AUGUST 16-18

COLLEGE STATION — Problems of beef cattle production will be given a goin gover by a battery of experts from every segement of the beef industry during a three-day short course ,August 16-18, at Texas A. and M. College. It is sponsored by the Animal Husbandry Department of the A. and M. College System.

The meeting which will be hled in the Memorial Student Center should be of interest not only to beef producers but those involved in marketing, processing and finally consumers. J. K. Riggs, of the sponsoring department and general short course chairman, says the meetings will be open to anyone who desires to attend.

Riggs says the afternoon and evening sessions on August 16 dealing with breeding for performance are sure to create a lot of interest. Speakers at these sessions other than System personnel will include Max A. Blau, registered Hereford breeder of Follett; C. H. Codding Jr., Rock Hill Ranch, Foraker, Oklahoma; D. Burns, manager, Pitchfork Ranch; Guthrie; Harry Gayden, American Brahman Breeders Assn. of Houston; R. P. Marshall, Santa Gertrudis Breeders International of Kingsville; Milton E. Miller, American Aberdeen-Angus Breeders Assn. of Brady and Paul Swaffer, American Hereford Assn. of Kansas City, Missouri.

The first session on Tuesday will deal with "Outlook, Outlets and Outcome." Jay Taylor of Amarillo, J. W. Mitchell, Fort Worth and Leo Welder of Victoria will be the out-of-town speakers.

Wednesday's sessions will deal with problems relating to feeding and managing the breedin gherd and Thursday morning "What's New in Parasite and Disease Control" will be the general topic. The afternoon will be devoted to a discussion of problems relating to managing pastures and ranges for greater efficiency.

For those who don't have much time for stud yand travel, the short course offers a real opportunity to get the latest information on problems which the bee findustry is now facing, Riggs says.

UNUSUAL . . . .

Seen About Town

By CAPT. ROY F. HALL

Mrs. Willa Largent, on North Church, evidently has a green thumb. Everything she plants in her yard, and a lot she doesn't plant, grow luxuriantly. Flowers and vegetables are scattered over all her yard, and her century plant is now blooming. It once was believed that this specie of the agave Americana showed its flowered once in a hundred years. It is now know that it blooms when about twenty-five years old. That's the end of it. When it blooms it dies. Take a look at the plant, not many people ever get to see one in bloom.

George Knickerfill — pronounced Nickerfeel—was in town Saturday. Used to live here, and is moving back from California. I'll have a story on him and his name later.

Saw a bunch of little colored boys down on Rockwall Street last week and stopped to see what the excitement was. One of them had an ordinary spring clothes pin all taken to pieces. Every time a boy came by he was stopped and a bet made that he could not put the pin together again. The wager was usually a penny, but seven had already tried and had paid off when I came up. Not one could do it. I was asked to try. I finally did it but it took some deep study. Try this on your friends. It's tough.

Saw a humming bird attack a jaybird out on my street the other day. The blue jay quit right now. He flew off cutting all kinds of didoes to escape the deadly, needle-sharp bill of the humming bird. Those versed in bird lore claim that the humming bird can whip any bird living. If you ever see a fight like this, watch how the larger bird tries to protect his eyes as he flees.

Jesse Bone is one who doesn't fool around with any little old two-weeks vacation. Not Jesse. When hot weather arrives he closes his shoe store and leaves for cooler climates. He stays away, too, until it becomes liveable here again. He's gone now.

Talking to a friend on the West side Saturday, I saw a Junior-High boy and girl with their backs to the sidewalk looking in the Woolworth display windows. They saw nothing in the window. The young fellow would whisper sideways to the girl; she whispered back. In a few minutes they turned around, and as they did the young lady reached down and took his hand. Right there I saw an old-fashioned blush. The boy turned red and appeared so confused he could not speak for a minute. Cast back, folks. Ain't it wonderful?

Thermometer touched 103 Sunday. On the same date last year it was 106. And too, by this time last year we had 30 days in which the temperature was over 100. This year we have had six, and at that they were barely over the century mark. Last year they were far over, one of them, July 25, was 112. By the way, I have done some rechecking of records and am advised by the Weather Bureau at Houston to the following effect, "The record of 118 degrees at McKinney, as reported by Observer E. Pearl Skelton on that date is correct." This report by Mr. Skelton said that the temperature at McKinney on August 10, 1936, was 118 degrees, and it was 103 at 7:00 p.m. Mr. Skelton was the observer here at the time. So, instead of the 112 as I had stated, our highest was 118. Most people remember that spell. This summer, so far, is right on normal. We are due more hot weather, but I believe we will have a summer actually below normal.

Man came to see me last week wanting to know something of the old Burris Mill. Said he was going to write an article on it for paper. He had it that the first Burris Mill was the old Alliance Mill that stood North of the present ice plant. It wasn't. Burris was here much earlier. He first settled at Weston and came to McKinney and started a grist mill on the branch Northeast of McKinney on the Lower Bonham — now the Woodlawn — road. Later ginned cotton there. He then built a huge frame mill on the West side of the railroad. This burned. The present Burris Milling Company came from these. The old, two-story Alliance mill was built in the early 1880s when the Alliance movement was at its height in Texas. It was never successful. When the Collin County Mill & Elevator Company was built it was the largest in Texas. Used as grain storage now.

School Children Need Physical Check-Up To Begin School

Parents, has your child had a phyical examination this summer? In less that a month he will be starting to school, and if he is in good health he will have a happier, more profitable year. It's up to you to give him a healthful send off, says Dr. Henry A. Holle, Commissioner of Health.

After he has his check-up by the family doctor, be sure to take him to the family dentist. Teeth are mighty important, and decayed ones often cause a heap of trouble. They may start infection in other parts o fthe body. Strong, healthy teeth add attractiveness to appearance and personality. Help your child to grow up with good teeth . . . see that he has a dental examination twice a year.

Sometimes children need glasses and their parents don't realize it. An examination by an eye specialist is important. A child who needs glasses, if taken to an eye physician now, will have time to get used to them before school starts.

When children are grouped together in a classroom, they expose each other to communicable diseases. Has your child been immunized against diphtheria and smallpox? Does he know he should use only his own drinking glass? Does he know he should avoid boys and girls who are victims of colds? Do you keep your child at home when he shows signs of a cold?

Plenty of exercise and recreation, the right kinds of foods daily, and 12 hours of sleep a night, are necessary for a child of elementary school age.

Get your child an appointment for a check-up today . . . the first day of school is not far away!

Mrs. Cora Mae McDonald, and daughter, Barbara, Mrs. Tobe McCarley and Mrs. Leo Trusty, all of Blue Ridge, are spending their vacation in Clayton, New Mexico.

West Texas Lake Leon Bathing Revue Set For September 4

Thirty-seven West Texas towns have been invited to place beauteous entries in the Lake Leon Bathing Revue, which will be held Sept. 4, second day of the celebration of the opening.

The invitations were sent by letter from the Chambers of Commerce of Ranger and Lastland, sponsors of the celebration.

Dave Pickrell of Ranger is chairman of the revue and Bill Arther of Eastland is co-chairman. Mrs. Art (Marene) Johnson of Eastland will be the announcer.

Newspapermen covering the celebration will serve as judges in the bathing beauty contest, which is to be staged near the dam of the 25-mile shoreline lake. Cash prizes will be awarded winners.

Girls, 16 or older will be eligible to compete. Sponsors will be confined to civic clubs, lodges, schools or other organizations. Each contestant is required to send a photo to one of the chambers of commerce by the Aug. 20 deadline.

Chairman Pickrell said interest in the revue indicates the entry list will be extensive.

Mr. and Mrs. Darvis Calhoun, of Garland, were recent dinner guests of his parents, Mr .and Mrs. Oscar Calhoun, in Blue Ridge.

Wylie Man Re-Opens Industry After Five Year Siege Of Polio

William L. McComas, well-known resident of Wylie in Southeast Collin, has recovered from a five-year siege of polio, and is resuming his industry.

The former Garland man, gives much credit for his comeback, to the civic-minded residents of Wylie, where he is opening up The American Tool & Manufacturing Company, of which he is president.

The 45-year-old industrialist shut down his company (then in Garland) when he was stricken with infantile paralysis, is starting anew in a 2-story building on Wylie's Main Street.

"Wylie people did everything possible to help us get started. We wanted to start all over in a new town. They wanted an industry. Everything is just working out fine," said McComas.

"How am I feeling after that polio? Good enough to work and to be very thankful."

McComas' new start is in partnership with three younger men—they're all in their 30's. The partners are: George Spangle, sales manager; Harold Raasch, treasurer, and comptoller, and James O. Rea, secretar yand shop superintendent.

All four are veterans of Dallas' wartime and postwar industrial boom.

"Some companies start from the bottom for management," explained McComas. "But we are starting with 'know how' in all departments at the top."

Wednesday, the small ($20,000) corporation had taken over the second floor of Discher's old feed store building and was looking for additional floor space.

Wylie's AT&M Company today is turning out such assorted products as detailed parts for the electronic industry; plastic cores for the Hermatic Seal Company of Garland and meter work for Dallas' Radii Meter Company. Major products, too, include lawn marker sets for the George Tobey Street Marker Company of Dallas.

The future? McComas is optimistic: "Why we have half a dozen other projects on which we hold the outright manufacturing rights."

Frisco Farmer's Coop Gin Association Has Stockholders Meeting

The Farmer's Cooperative Gin Association of Frisco held its annual stockholders meeting last week at its gin plant in Frisco.

The firm's auditor, Balmer Hill certified public accountant, of Greenville, reported "The gin is now in a very strong financial position having a total of $115,-545.85 worth of assets with the farmer's ownership being $100,-288.56; the working capital is adequate for a sound operation, the stock issue is adequate and safe at par value and is drawing four per cent dividend annually.

The association's Manager, Murrell Rogers, reported that though due to a short cotton crop the gin only ginned 2,098 bales last season before of 50 farmers who brought cotton to the gin, making a total of 190 farmers from six counties ginning cotton with the association during the fall of 1954.

Rogers also reported the completion of a three year rebuilding program at the gin plant in which near $40,000 has bee nspent for the new machinery installations.

"You own now a completely modern gin plant equipped with the best machinery that can be installed in a cotton ginning system for this area," stated Rogers.

Following these reports, Bruce Coulter, Woodrow Antwiler and Ray Sterling were re-elected to three year terms as directors of the board.

Toni Miller, the association bookkeeper, presented checks for a four per cent cash dividend to the stockholders.

Officer Bob Harding of the City Police force, has been enjoying his vacation for the past week. He will be off duty the remainder of this week.

Rites For Rev. T. W. Sisterson, Largely Attended Sunday

The First Christian Church was filled to capacity for the funeral services Sunday evening at 5 clock for Rev. Thomas William Sisterson, 48, pastor of the church. The impressive service was conducted by Rev. James Underwood of Bonham, Rev. Chester Crow, of Fort Worth, Dr. James Sandlin of Greenville, Rev. Robert Badgett, of Sherman; Rev. Charles Murrell, of Terrell, and Rev. Dick Russell, assistant pastor of the church here.

Burial was made in Pecan Grove Cemetery under the auspices of the Masonic Lodge, with the Turrentine-Jackson Funeral Home in charge of arrangements.

Elders of the church served as active pallbearers and the honorary pallbearers were deacons and deaconesses of the official board of the church.

The body lay in state from 3 to 5 o'clock during which time soft oragn music was rendered by Miss Tennie Strickland.

A profusion of flowers, mute testimonials to the love and high esteem in which Bro. Sisterson was held covered the bier.

Rev. Sisterson, who had served the First Christian Church here as minister for the past seven years, where he and his family were on a vacation. He had gone trout fishing when stricken with a heart attack and died a short time later. Audie Turrentine of the Turrentine-Jackson Funeral Home, accompanied by his son, Billy Wayne Turrentine, and Wilbur Thompson, left Friday afternoon for Colorado returning the body here. They arrived back in McKinney about 11 p. m. Saturday.

Thomas William Sisterson was a native of New Zealand, where he was born August 12, 1906, the son of the late Mr. and Mrs. James Sisterson. He came to Texas in 1936, since which time he has served pastorates in Terrell, Bonham, the University Christian Church in Austin and the First Christian Church of McKinney. He received his Bachelor of Arts degree and his Master of Arts degree from the University of New Zealand. He came to the United States in 1934, receiving his Bachelor of Divinity Degree from Butlers University in Indianapolis, Indiana. He had completed language courses in German and French.

During his residence in McKinney Bro. Sisterson has taken a keen interest in the civic life of the city. He participated in Chamber of Commerce activities, was a past director in the Collion County Council of Camp Fire Girls Inc., being instrumental for much of the progress in that organization in McKinney; was active in the Ministerial Alliance, a member of the Masonic Lodge, Lions Club, and many other organizations in the city. He was beloved not only by the members of his church congregation, but by the citizenship in general, and numbered his friends by his acquaintances. His church here has shown a marked growth under his leadership, and his passing has caused a pall of sorrow throughout the city and county.

His survivors include his grief-stricken wife, two daughters, Misses Margie and Ann Sisterson, and a son, Bill Sisterson.

BRIDE IN SATURDAY RITES

MRS. GILBERT LEE CHAMBERLAIN JR.

Miss Doris Gene Ray, 6369 Bordeaux, Dallas, became the bride of Capt. Gilbert Lee Chamberlain Jr., of Sheppard Air Force Base, Wichita Falls, Saturday, August 6, at 4 p.m. in the chapel of the Munger Place Methodist Church, Dallas. The Rev. Joseph Connally, pastor, officiated.

Parents of the couple are Mr. and Mrs. Reuben D. Ray, of McKinney, and Dr. and Mrs. Gilbert L. Chamberlain Sr., of Boonville, Mo.

The bride, given in marriage by her father, was gowned in a crystalure pink tulip dress designed with a portrait neckline edged with pleated insets of the fabric, and brief cap sleeves. The figurine basque bodice was gathered onto a bouffant skirt that was waltz length. She wore a matching pink headdress embroidered with pearls, a gift from the groom. Her flowers were a colonial bouquet of pink sweetheart roses and stephanotis.

Miss Bobbie Jo Deal, of Dallas, was maid of honor, and wore a pale green taffeta princess style waltz length dress, fashioned with rhinestones, and carried a colonial bouquet of shaded pink flowers.

Dr. Joseph Chamberlain, brother of the groom, from William Bay, Wisconsin, was the best man, and Bob Cameron, of McKinney, groomsman.

The wedding music was presented by Miss Ann Brown, soloist, and Maury Jones, organist.

The reception was held at 6369 Bordeaux, Dallas, in Miss Deal's apartment, where Miss Ruth Braulick served the wedding cake and Miss Linda Coleman, of McKinney, cousin of the bride, poured punch. Mrs. O. L. Miller presided at the guest book.

Capt. and Mrs. Chamberlain left for a wedding trip to the Ozzarks after which they will be at home in Wichita Falls. For traveling Mrs. Chamberlain wore a gray linen suit trimmed in black velvet, with black velvet accessories.

Capt. Chamberlain is a graduate of the University of Missouri where he was a member of Sigma Alpha Epsilon; and Washington University School of Medicine, St. Louis, Mo., being a member of Phi Beta Pi and Alpha Omega Alpha.

At the present time he is in the Air Force, being stationed at the Sheppard Field Base in Wichita Falls.

Reuben Rays Entertain At Buffet Dinner

Mr. and Mrs. Reuben Ray entertained Thursday evening with a buffet dinner at their home in this city. The house was decorated throughout with vases of zinnias and other garden flowers.

Requirements Of Texas Hybrid Corn Contest, Announced

If your corn yields are going to be higher than usual this year, over 100 bushels per acre, you may be interested in the following. This will include corn both irrigated and dry land in this area.

Donor: Texas Certified Hybrid Seed Corn Association.

Awards: Five prizes, namely, $50.00, $35.00, $25.00, $10.00, and $5.00 in each of the following areas:

In case there should be only four entires from an area, second, third, fourth and fifth prizes will be awarded; if three entries, third, fourth and fifth prizes; if two entries, fourth and fifth prizes, and if only one entry, fifth prize. An appropriate plaque will be awarded to each of the State winners who makes the largest yield per acre, with irrigation and without irrigation.

In addition to the above awards, the champion corn grower in the contest (with or without irrigation) will receive another $50.00 cash award. The State Champion will therefore be awarded $100.00 in cash, and a plaque.

Who Is Eligible:

All farmers, 4-H Club members and FFA boys, both white and colored, except commercial hybrid seed corn growers, and members of their families and employees are eligible to compete in the contest.

Requirements:

(1) All contestants must enroll with their County Agent, who will set the closing date for the county. At the time contestants enroll they must specify whether or not the corn is to be grown under irrigation. A contestant cannot enter both irrigated corn and corn that is not irrigated in the contest.

(2) All contestants must plant one of the following Texas corn hybrids: Texas 28, 26, 24, 30, 32, 9W, 11W, 15W, or 17W.

(3) A minimum of one acre is required.

(4) Each contestant must furnish the County Agent a brief report showing yield number of the hybrid; number of irrigations, if irrigated; fertilizers used, etc. A report blank form will be supplied for this purpose.

(5) These reports shall be sent by the County Agents to Ben R. Spears, Extension Agronomist, by October 25, for determining the area winners and state winners.

Determining Yields:

Yields should be determined and certified by a committee of three people appointed by the County Agent as follows:

1. Harvest & weigh the corn from 70 yards in two representative rows in separate parts of the field. Divide this weight by 2 to get weight of corn from one row an acre long.

2. Measure a distance of 70 yards across the rows, starting halfway between two rows.

3. Then count the number of rows in the 70 yards and multiply the weight obtained above by this number of rows. The result will be the number of pounds per acre of corn in the shuck.

4. Divide this number by 72 to obtain the number of bushels of corn per acre.

The corn stalks and ears must be thoroughly dry when the yields are determined. The measurements must be made with a tape.

Corn Price Support Rates Announced By County ASC Office

The 1955 country price support rate established for cord grading U. S. No. 3 or better, or No. 4 on the factor of test weight only but otherwise grading No. 3 or better is $1.24 for Collin County. Corn may be stored on the fram if the producer has facilities to store the corn which will meet requirements.

The County ASC Office will farm facilities loans for grain bins to store commodities and any producer interested is requested to contact the county office concerning them. These loans require that 20 percent be paid on the facility and the balance will be paid in annual installments for 4 years at 4 per cent interes. Most producers obtain the 1000 bushel grain bins and several dealsr are handling them in the county. Any producer interested may get full information concerning these loans at the A. S. C. Office, 123 S. Tenn. St. McKinney, Texas.

Registration Of New Students To Begin August 17

Wednesday, Thursday, and Friday, August 17th, 18th and 19th are set for enrollment, classification and registration of new students and for correction of subject selections for old studnets in McKinney (Boyd) High School. In order to conserve time and to avoid waiting in line, senior (Boyd) high school students are advised to observe the following procedure.

Pupils entering McKinney (Boyd) High School for the first time, except those regularly promoted from L. A. Scott Junior High School, should report to the office of the principal of McKinney High School for registration and classification on one of the following days: Wednesday, Thursday or Friday, August 17th, 18th or 19th. If you follow the above suggestion your name will be entered on the class roll, subject selections may be made and a schedule can be prepared for you in advance of the opening day of school, Tuesday, September 6th. If you fail to get this pre-registration done it will mean that you will have to wait in line for classification and be out of step for the entire day of the opening of school. The above procedure should apply to students reentering school, who dropped out of school prior to the end of the spring semester 1955.

Students from L. A. Scott Junior High School who were regularly promoted to the ninth grade and turned in a correct subject indication sheet need not report prior to September 6th. If an eight grade student failed to turn in a correct selection of subjects for the fall semester or may desire to change from the selection turned in he should report to the office of the high school principal on one of the dates given above.

Former high school students who did not leave a complete and correct selection of subject desires or who may want to change a subject selection should do so on one of the dates mentioned above. Failure to make these changes in advance of September 6th will mean delay and waiting in line for the student.

Students indicating distributive education as one of your subjects, who were not enrolled in the distributive education department last year, must sign up for alternate subjects until you have been contacted and approved by the distributive education co-ordinator. If you did not leave alternate subjects for distributive educaion you should report to the principal's office and do this on one of the dates mentioned above.
